NHS Covid Pass Forms of proof accepted

Covid Status Certification has been introduced to help limit transmission of COVID-19 in high-risk settings. The scheme allows an individual to prove their status by two different methods:

- Proof of full vaccination (two doses)
- Negative Lateral Flow test within two calendar days

Vaccination Status

NHS Covid App

Venues must scan the QR code

Paper vaccination certificate with proof of ID

Negative Test

Negative Lateral Flow Test (taken within 48 hours of entry)

Test result must be reported through the NHS COVID-19 reporting system.

Proof is either the email or text message confirming the individual's negative test, alongside photo ID.
